| <b>24th January to<br/>18th February, 2019</b>  | Design Gallery,<br>NID Gandhinagar campus<br><br>Bauhaus imaginista | <b>Moving Away, 100 years of Bauhaus</b><br>This exhibition focuses on how principles in design and architecture from the Bauhaus have been adapted, expanded and contested in different social and political contexts. These include the former Soviet Republics, India, North Korea and China. The title of the exhibition indicates how the migration of Bauhaus ideas was never a case of pure dissemination, but instead these ideas were accepted and rejected in relation to local conditions and against a backdrop of geopolitical change in the local conditions and against a backdrop of geopolitical change in the twentieth century. |

## LIST OF EXHIBITIONS

**14th February to  
15th February, 2019** Courtyard,  
NID Gandhinagar campus

IOE 2019 Team

### **Gandhi & Design:**

#### **Celebrating the wisdom of wholeness**

This exhibition presents a selection of projects from the recently concluded IOE 2019. As we celebrate the 150th year of Mohandas Karamchand Gandhi's birth anniversary, the objective of this year's theme was to understand how can "Gandhian Thought", that connects with the thoughts of sustainable development show today's world the path of inclusivity, sustainability and social harmony!

**14th February to  
21st February, 2019** Design Gallery,  
NID Gandhinagar campus

Tanishka Kachru,  
Nalini Nirad Ranjan and  
Sucharita Beniwal

### **Imagined Futures:**

#### **UNIDO-ICSID INDIA '79 Conference on Design for Development**

This exhibition focuses on how the 1979 conference in NID Ahmedabad and IDC, IIT Bombay can be seen to mark a transition stage in industrial development. NID's pedagogy with its real-time real-life projects provided exemplars to the world through their design approach that widened the scope of industrial design and opened the meaning and interpretation of design for development. The conference brought Indian design institutions into a limelight influencing future relationships and interactions with design communities across the world and the UN itself.

**14th February to  
15th February, 2019** Courtyard,  
NID Gandhinagar campus

### **Kind Machines**

Machines around us are not really unkind but PDUG16 along with Jon Rogers, wondered whether they in fact are kind to us or not. In a digital future of Ahmedabad, will joyride camels get to date and mate? will alexa understand the perils of the underprivileged like local charities do? will ahmedabad's wire artists and their unique skills ever outlive their shrinking community?

Join us as we find answers through speculation and introspection to the decentralised futures of the multi faceted city of Amdavad!
